Based on natural marble patterns, Cgate Translucent Stone series are cast from high-molecular polyester resin. Backlit illumination demonstrates the unique effect. Featuring realistic marble effects, these panels are easy to process and can also be curved or joined seamlessly.

Applications

- Translucent wall, ceiling, bar tables, lamps
- Column cladding
- Decorative surfaces

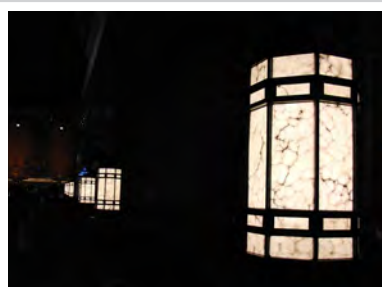

Processing options

- Saw cutting
- Glued right angle joins
- Glued seamless joins
- Cast curves
- Drilled
